

# How faithful is your Vacation Bible School program to the Catholic faith?

**Finally, an authentic Catholic VBS program, developed by Catholics for Catholic children.**

If you're looking for a Vacation Bible School curriculum that isn't some "Catholicized" version from another denomination, *your prayers have just been answered!*

**Heroes In Heaven™** is the first 100% authentically Catholic VBS program that focuses

on the lives of the saints — real life heroes who lived the faith — and combines this with core Catholic teaching! Children will learn about Joan of Arc, Padre Pio and over 30 other saints, with this hands-on, educational and fun VBS program created by Catholics, for Catholics!

**Heroes In Heaven** fills the need expressed by Directors of Religious Education, Catechists and Parents for a truly Catholic VBS program. The teachings and the significance of the Catholic saints presented in **Heroes In Heaven** will help children ages 4-12 understand abstract concepts like holiness, and continue to help them develop, appreciate, love and live their Catholic faith.
