A message worth repeating.

The writing's on the wall.

Life is filled with choices. For parents, no decision is more important than selecting the best education for their family.

At Saint Joseph Academy, children are unique individuals, yet part of a loving, nurturing community guided by educators committed to cultivating the heart, as well as the mind.

With toddler, Montessori, elementary and middle school programs available, as well as before- and after-school care and extracurricular activities, children at Saint Joseph Academy are exposed to the highest standard available in education; an environment allowing independent growth — where strong academics and moral values help form their inner discipline, social grace and outlook on life.

Children are the future — and we want to help shape every child's future.

We invite you and your children to attend our **Spring Open House on Thursday, March 25, from 6:30 p.m. to 8:00 p.m. and Sunday, March 28, from 1:00 p.m. to 2:30 p.m.**, as the Saint Joseph Academy family proudly presents our school to those interested in the finding out more about our unique learning environment.

Administrators, teachers, parents and students will be on hand to provide classroom tours and to answer your questions. Refreshments will also be served. Saint Joseph Academy is located at 1267 East Siena Heights Drive in Adrian. See you there! **For more information, please call 263-4898.**

At Saint Joseph Academy, we have faith in education.
